Walk Summary:	<p>Hi Walkers, Kerry and Robyn recently travelled to WA to walk the Cape to Cape which is a fantastic 130 km track between Cape Naturaliste and Cape Lewin in the Lewin Naturaliste National Park. The walk encompasses a variety of track, forest, costal, beach, rock, and we were delighted by the abundance of flowering plants and wildlife we encountered. We loved the Margaret River area where we were based and the long days of walking. Kerry is a great photographer, so expect a treat for the eyes. We have prepared our talk to inspire anyone who would like to experience the beauty of this walk for themselves, or just view it through our eyes from the comfort of Bairnsdale.</p>
