<b>Meeting Place:</b>	Lake Catani Camp Ground.	<b>Meeting Time:</b>	TBA
<b>Walk Summary:</b>	<p>FRIDAY - Travel to Mt Buffalo and meet at Lake Catani campground. For those that are interested a short walk to The Horn (which is the highest part of the plateau) will be available. The track is well made but involves steps to the lookout. Great views from here.</p> <p>SATURDAY- There is the possibility of two walks depending on interest.</p> <p>WALK1 -The plateau's most remote region offers one of the best views of and from the plateau particularly of the Ovens Valley to the north. The track winds through Snow Gums and Alpine Ash. The last 500 metres climb to the summit of Mount McLeod is rocky, difficult and involves the use of hands.</p> <p>WALK 2- This is a 12km medium walk to The Back Wall which passes through open grassy areas but soon gets into areas of snow gum and big granite boulders. It then reaches the steep drop of The Back Wall with views to the south and west including Mt Cobbler and many other peaks.</p> <p>SUNDAY- After packing up we can do a short walk to the impressive rock formations of The Cathedral and The Hump before travelling back.</p> <p>Note: Bairnsdale to Mt Buffalo is about 5 hours drive via Great Alpine Rd.</p> <p>Trevor Whibley 0458725558</p>
