Walk Summary:	<p>All are welcome to join the car camp at Red Box camping area on the Wellington River and participate in walks of choice or just relax. As Easter is a popular camping time some members will go up on Thursday to claim an area for the group. Others can join when it suits.</p> <p>For those keen to complete the Tamboritha Circuit we will complete the Long Hill walk on Saturday starting from Dingo Hill Track, passing the Rock Shelter, summiting The Crinoline and walking back into camp via a section of McMillans Walking Track. On Sunday we will probably again start at Dingo Hill Track and follow McMillans Walking Track over Mt Tamboritha and Little Tamboritha down to Breakfast Creek and follow the road for the last 300m into camp.</p> <p>There are a variety of other walks readily accessible from the camp. These include walks up the Wellington River, Crolls Gorge, The Crinoline and further up the Tamboritha Road strolls to Kellys Hut from Thomastown or Arbuckle Junction to mention a few. The actual walks undertaken will be decided by consensus and be subject to members able to lead them.</p> <p>Participants will need to be self sufficient for camping and all meals. It is anticipated that a camp fire with BBQ grill and a tripod will be available for all to use. There is a drop toilet at Red Box.</p> <p>All participants must pre register with the Walk Leader by Tuesday 30 March.</p>
