Summary: This walk scheduled over 3 days covers 40km the AAWT along Cowombat Flat Track and be Kosciuszko National Park. While the walk is there will be some off-track hiking involved whe Pilot, as we follow the ridgeline back down to 0 track. There is no designated track along this s thick in places. ie: some scrub bashing will Cowombat Flat we will divert to locate the nature official starting point of the mighty Murray River Cairn which is the official starting/end point of and if we survive, the group will return to the bashing This walk takes place within a designated Will scarce along the track if the weeks leading However, water will be available at the designad The terrain is not flat so walkers will need to	yond to The Pilot locate predominantly along in returning from the su owombat Flat rather th section and the bush be be involved. Prior to c ral spring / soak that re and then continue on the	ed within the 4WD tracks ummit of The nan the 4WD ecomes very our return to presents the to Forest Hill
<ul> <li>there will be some off-track hiking involved when returning from the summit of The Pilot, as we follow the ridgeline back down to Cowombat Flat rather than the 4WD track. There is no designated track along this section and the bush becomes very thick in places. ie: some scrub bashing will be involved. Prior to our return to Cowombat Flat we will divert to locate the natural spring / soak that represents the official starting point of the mighty Murray River and then continue on to Forest Hill Cairn which is the official starting/end point of the Black Allen line. All going well and if we survive, the group will return to the base camp at Cowombat Flat.</li> <li>This walk takes place within a designated Wilderness Area, where water may be scarce along the track if the weeks leading up to the walk have been dry. However, water will be available at the designated campsite – Cowombat Flat.</li> <li>The terrain is not flat so walkers will need to be fit and prepared for all weather conditions, including Alpine climate.</li> <li>The proposed walk schedule is as follows:</li> <li>Day 1: 3hr drive to starting point. Hike 4hrs along 4WD track &amp; set up camp at Cowombat Flat. 12km</li> <li>Day 2: Crossing the Murray River we hike to The Pilot where we will gain views of Mt Kosciuszko and the surrounding mountains, return via a scrub bash to visit the source of the Murray river and Forest Hill cairn. Then return to camp. Approx 18km Day 3: Pack up camp and return via Cowombat Track to vehicles. 12km.</li> <li>NB: this walk will be limited to 10 participants, so registration will be on a first come first served basis.</li> </ul>
